

Catch::Detail::NonCopyable

```
graph BT; A[Catch::Section] --> B[Catch::Detail::NonCopyable];
```

A UML class diagram illustrating inheritance. The class 'Catch::Section' is shown as a gray box at the bottom, and the class 'Catch::Detail::NonCopyable' is shown as a white box at the top. A red arrow points from 'Catch::Section' to 'Catch::Detail::NonCopyable', indicating that 'Catch::Section' inherits from 'Catch::Detail::NonCopyable'.

Catch::Section
