

Catch::IReporterRegistry

```
classDiagram
    class CatchReporterRegistry["Catch::ReporterRegistry"]
    class CatchIReporterRegistry["Catch::IReporterRegistry"]
    CatchReporterRegistry --|> CatchIReporterRegistry
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled 'Catch::ReporterRegistry'. A blue arrow points vertically upwards from this box to a white box labeled 'Catch::IReporterRegistry' at the top. This indicates that 'Catch::ReporterRegistry' inherits from or implements 'Catch::IReporterRegistry'.
