

Catch::IContext

```
graph BT; A[Catch::IContext] --> B[Catch::IMutableContext];
```

A UML class diagram illustrating inheritance. At the top is a box labeled 'Catch::IContext' with a light gray fill. Below it is a box labeled 'Catch::IMutableContext' with a white fill. A blue arrow points from the bottom of the 'Catch::IMutableContext' box to the bottom of the 'Catch::IContext' box, indicating that 'Catch::IMutableContext' inherits from 'Catch::IContext'.

Catch::IMutableContext
